

Pioneers Year 6

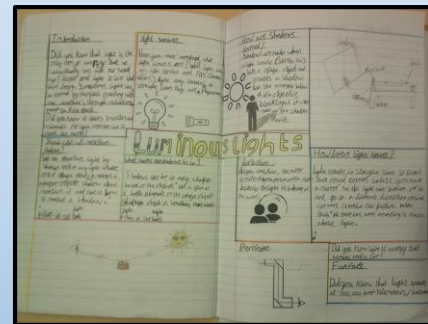

In Writing, our model text has been based on a biography of Sir David Attenborough. We have each chosen an inspirational person to research for our own independent writing.

In Geography, we have considered whether the world's resources are distributed fairly.

Our reading has been based on 'Street Child' by Berlie Doherty.

We have been learning the language to talk about ourselves in Spanish.

We have continued to learn about attitudes and ambition through discussions with Paddy Venner.

In Science, we have been learning about light.

We have focused on dance and gymnastics in PE. Also, we have been building up our fitness by running a mile.

We enjoyed making clay relief tiles in art, inspired by William Morris.

Maths has been focused on measures and ratio.
