

The Experimenters - Year 6

We have studied the poem 'Refugees' by Brian Bilston.

Following our trip to Cambridge, we created persuasive brochures.

We have enjoyed rounders. Our athletics lessons helped us prepare for sports day and city sports.

We created monoprints of Norwich buildings.

In Maths, we have learning about measure and time.

In RE, we have been learning about Judaism and Hinduism.

We enjoyed preparing for our year group assembly. We looked back at many memories from the last year and beyond.

RSE lessons have helped us learn about relationships so we understand about ourselves and others.
