

2023 - 2024 Newsletter

This has been our second year running the Friends of the Federation of Spixworth Schools.

We have put on a selection of events over the year - some for both schools to take part in and some for the whole village to enjoy too.

Our aim was to make sure the children had lots of fun, made memories and then to benefit from all the money raised and we hope we have achieved this!

What this year's money will be used for...

Most of this year's money will be spent on brand new books, updating the libraries in both schools. This will benefit all children and nurture a love of reading. In addition, we will be purchasing book bags for the new reception children, contributing to the Year 6 leavers' hoodies, and buying a small leavers gift for the Year 2s. Along side this we will replace the school gazebo, giving our children shelter when they visit events such as City Sports.

What we will be raising money for next...

Experience days for the children to enjoy, along with visitors to the school - focussing on wellbeing and the children's aspirations.

The school are also keen for an allotment area to be created which will be a space for children to not only learn from but also to be involved in its upkeep.

Thank you so much for all your support - this is a great team effort from everyone!

We already have some new ideas for next year and we can't wait to start planning - if you have any thoughts on what we can do or what you would like to see, please do let us know.

Have a lovely Summer Holiday,

Best wishes

Zara, Chloe, Alex, Hayley and Holly
